Recognition information over page ➔
**Recognition Information**

Please note that you can apply for recognition for any unit within your course. However, before recognition is granted you will have to provide sufficient evidence and complete the relevant recognition application forms.

**Recognition application forms**

Recognition application forms for your course can be accessed from your course page from the OTEN website. Go to [www.oten.edu/oten/maritime](http://www.oten.edu/oten/maritime) and click on your course. See the full information on recognition including the ‘Recognition for Unit of Competency (pink) forms’ which detail the Competency Elements for each unit in your course. You may apply for recognition for any unit within your course if you can provide sufficient evidence. Submit the forms together with evidence, either with your enrolment or shortly after to OTEN.

**Currency of evidence**

Please note, as we issue a ‘current’ certificate, evidence provided for recognition must include recent evidence. If your qualifications/previous study are more than five years old, you will need to provide additional evidence of currency. This may take the form of copies of recent log books, work records, reference from employer or other.

If you cannot provide current evidence then you may be required to sit a challenge test or undergo a phone interview.

**IMPORTANT**

- All evidence submitted must be signed by a Justice of the Peace as a ‘True and correct copy’ of the original.
- If you are providing evidence which is more than 5 years old you must also provide some additional recent supporting evidence. eg log books, work records, reference from employer etc that directly relate to competency elements. If you are unable to provide evidence from within the last 5 years then you may be requested to complete a challenge test or undergo a phone interview.

The information below is intended as a guide for units that students often receive recognition for when completing this course.
