

## Presenters' Script

**This is the script used by the two video presenters introducing new visitors to the OTEN website.**

P1: Come and have a look at this website. This is how I got started with OTEN.

P2: Yeh, I'm keen to study. But I'm so busy with work and family on the weekends. How would I fit it in?

P1: Well, you know how busy I am and I managed to do it. OTEN offers courses by distance education. It's so flexible you can study when it suits you – anytime, anywhere.

P2: Really! How do I find out more?

P1: Look, over here. There are over 200 courses to choose from. It's so easy!

P2: Wow, that's great.

P1: And you can enrol pretty well anytime of the year. You can even enrol online if that suits you.

P2: Ok. That's easy. And what about....?

P1: (cuts in) Look, you can find out just about anything on this site. And if you still have questions, just call 1300 362 346. What are you waiting for?

P2: OK. No more excuses from me! I'll get on to it right away.
