Got the Skills?

Get the Recognition for course 17908 Electrical-Technology (Advanced Diploma)

You don’t need to study what you already know! The skills, knowledge and experience you have gained from your previous learning, work experience and life in general may be taken into account. This is called recognition.

To apply for credit in one or more units you must clearly show that you have the equivalent and relevant skills, knowledge and experience of the unit or group of units.

Complete the relevant unit forms below, include your evidence and attach the Enrolment Adjustment Recognition form. Place this on top of your completed application as a cover sheet.

Keep a copy of all completed forms for your records.

**Recognition for Unit of Competency forms**

**Group 1 CORE COMPETENCY STANDARD UNITS**
- UEEEEE001B - Apply OHS practices in the work place
- UEEEEE002B - Dismantle, assemble and fabricate electrotechnology components
- UEEEEE003B - Solve problems in extra-low voltage single path circuits
- UEEEEE004B - Solve problems in multiple path d.c. circuits
- UEEEEE005B - Fix and secure equipment
- UEEEEE007B - Use drawings, diagrams, schedules and manuals
- UEEEEE008B - Lay wiring/cabling and terminate accessories for extra-low voltage circuits
- UEEEGG001B - Solve problems in electromagnetic circuits
- UEEEGG002B - Solve problems in single and three phase low voltage circuits
- UEEEGG048B - Solve problems in complex multiple path power circuits

**Group 1 SCHEDULE 3 ELECTIVE COMPETENCY STANDARD UNITS**
- UEEEEEH011B - Troubleshoot d.c. power supplies with single phase input
- UEEEEEH012B - Troubleshoot digital subsystems
- UEEEEEH013B - Troubleshoot amplifiers
- UEEEEEH039B - Troubleshoot basic amplifiers

**Subgroup 3 SCHEDULE 5/6 ELECTIVE COMPETENCY STANDARD UNITS**
- UEEEGG040B - Develop engineering solutions for energy supply power transformer problems
